## ***Script: Part I.***

Minh: Dad, what was your worst experience at school?

Dad: A classmate bullied me.

Minh: Really? What happened, dad?

Dad: A big boy in my class was always taking my things. I could never get anything back. Once he and his friends waited for me outside the school and snatched my backpack. They got all my money.

Minh: What did you do then?

Dad: I was so angry that I fought back.

Minh: Wow. What happened next?

Dad: He was totally surprised. But then he returned my money and went away ... What about you?

Minh: Well, it was just last week. My biology teacher checked our understanding of the previous lesson. My mind suddenly went blank. I stood there and couldn't say anything. I felt so embarrassed!

Dad: So what happened then?

Minh: I got a zero.

Dad: Sorry about that.

Minh: It was such a terrible experience.

Dad: Didn't you revise the lesson?

Minh: I did. But I actually learnt it by rote without really understanding the lesson.

## **Part II**

Teacher: OK. So, we have spoken about positives of living in cities. Now, in pairs, I want you to talk about some negatives.

Logan: What do you think, Sofia?

Sofia: I think the biggest negative about most cities is the price of houses. Buying or renting houses is so expensive.

Logan: You're right. In our city, people spend around forty percent of all the money on rent.

Sofia: That's so much. It's much cheaper to live in the country. What other negatives can you think of, Logan?

Logan: I think noise is a big problem.

Sofia: I agree.

Logan: There is noise from traffic, stores, and other places like karaoke halls and restaurants.

Sofia: There's a karaoke hall near my house, and it stays noisy till late. Sometimes it's still loud at 11 p.m. It's really annoying.

Logan: Yeah, it can make it really hard to study and sleep at night.

Sofia: What other negatives can you think of?

Logan: I think pollution is a big negative.

Sofia: Yeah.

Logan: All the traffic and the factories cause so much pollution. It's really bad for people's health.

Sofia: I agree. People are more likely to get terrible diseases from pollution in cities compared to the country.

Logan: The power plant near the city causes so much pollution, too.

Teacher: OK. Five more minutes, everyone.

Logan: Quick, write down our three points, Sofia.
